

Device: Asus Fonepad 7 inch

Bugs:

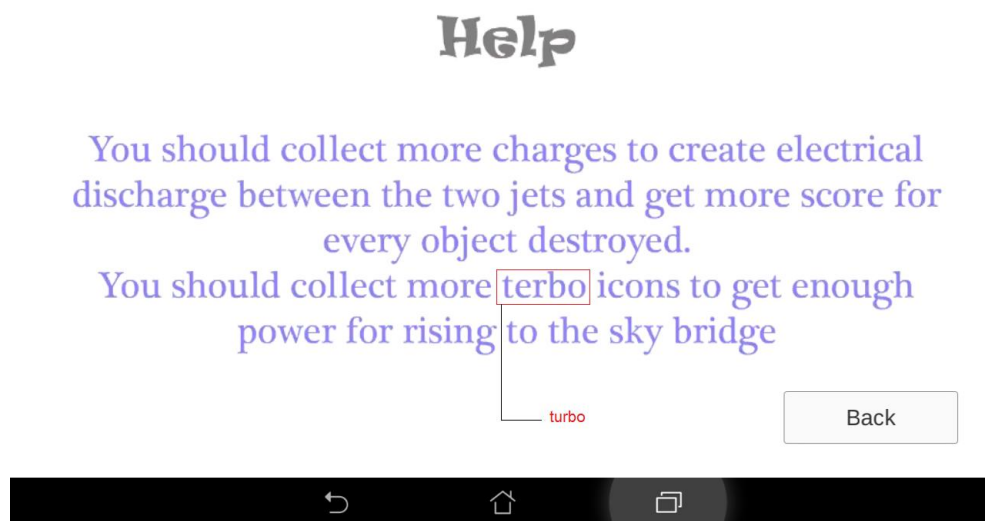

1. Missing user name.

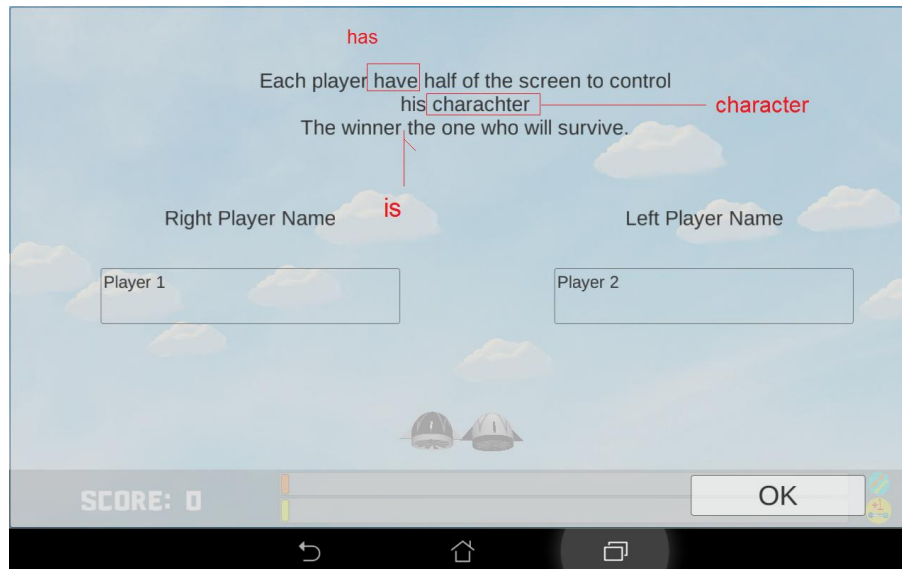

2. Score is not updated in multiple player mode

3. Spelling mistakes

General comments:

1. The touch sensitivity is low; please increase it if you can.
2. We need a pause button during the game.
3. The help is not very descriptive, you're advised to make a tutorial on how the game can be played.
